We know all of us have different gifts and talents (practical talents like anything from being an artist to construction work), gifts of The Holy Spirit (1 Cor. 12, Romans 12:3-8, Eph. 4:7-16), callings, training, education or other factors that may have helped prepare us for Christian ministry.

Do you know what your primary spiritual gifts are? If so, please list them.

Are there any you specifically like to operate in currently?

At our different events a lot of time we need “all hands on deck” for certain things or projects. For ex.- like set up & tear down but we like to place people where the fit when that option is available. When that works out it helps for us to know what you like and where you feel comfortable and gifted.

What areas of ministry are you wanting to be a part of? (please circle each)
