

Passport Information

Here's some info we've put together last year, more details can be found on their websites.

How and where you apply depends on when you need your U.S. Passport.

Need to get a passport or renew yours?

Please do it now. We have had people that drug their feet, kept putting it off and had to miss the trip.

You need to jump on it now!

How long will it take to get your passport?

If getting anything done with a passport after Sun. March 26, 2023, we recommend paying more to get it expedited for extra peace of mind.

Last year was... Normally takes 8-11 weeks

If close to that, you should pay to get it expedited, which should take 5-7 weeks.

2023 Update: New normal time 10 - 13 weeks (They warn mail could take 2 weeks extra there and then possibly 2 weeks extra back.) 14 - 17 weeks

2023 Update: For new expedited time 7 - 9 weeks (They warn mail could take 2 weeks extra there and then possibly 2 weeks extra back.) 11 - 13 weeks
